

► Father's Day ◀

This year it will be celebrated Sunday, June 21st. Ever wonder how it started?...Sonora Dodd of Spokane, Washington, first proposed the idea of a father's day in 1909. Mr.s Dodd wanted a special day to honor her father, William Smart, a Civil War veteran who was widowed when his wife died in childbirth with their sixth child. Mrs. Dodd wanted to celebrate the strength and selflessness her father had shown in raising his children as a single parent.

The first Father's Day was observed on June 19, 1910. June was chosen because it was the month of William Smart's birth. In 1924, President Calvin Coolidge supported the idea of a national Father's Day. However, the first presidential proclamation honoring fathers was not issued until 1966, when President Lyndon Johnson designated the third Sunday in June as Father's Day. Father's day has been celebrated annually since 1972 when President Richard Nixon signed the public law that made it permanent.

Father's day has become a day to not only honor your father, but all men who act as a father figure. Stepfathers, uncles, and grandfathers are all honored on Father's Day.

I cannot think of any need in childhood as strong as the need for a father's protection.....Sigmund Freud

The older I get, the smarter my father seems to get.....Tim Russert

It is a wise father that knows his own child.....William Shakespeare

I watched a small man with thick calluses on both hands work fifteen and sixteen hours a day. I saw him once literally bleed from the bottom of his feet, a man who came here uneducated, alone, unable to speak the language, who taught me all I needed to know about faith and hard work by the simple eloquence of his example.....Mario Cuomo

But most important of all, remember Deut 5:16 – 'Honor thy father and thy mother, as the Lord thy God hath commanded thee; that thy days may be prolonged, and that it may go well with thee, in the land which the Lord thy God giveth thee.' KJV

Have a wonderful and happy Father's Day!

June 20	Mr. Will Flaman	Mr. Bob Fahey
June 27	Mr. Bob Fahey	Mr. Dave Roenspies

June Wedding Anniversaries

Mr. & Mrs. David Roenspies	6/01/1966	43 Years
Mr. & Mrs. John (Cindy) Rizzo	6/02/1985	24 Years
Mr. & Mrs. Donald Chochola	6/06/1973	36 Years
Mr. & Mrs. Ben Kerr	6/08/1979	30 Years
Mr. & Mrs. Jeff Stenhouse	6/10/2007	2 Years
Mr. & Mrs. Jack Long	6/11/1960	49 Years
Mr. & Mrs. Samuel Arenas	6/14/1990	19 Years
Mr. & Mrs. John Anderson	6/16/1991	18 Years
Mr. & Mrs. Dennis Ulrey	6/20/1975	34 Years
Mr. & Mrs. Bob Kalnas	6/25/1995	14 Years
Mr. & Mrs. Edmund Morris	6/29/1991	18 Years

Congratulations to you all!!

Local News

► June Hall Schedule ◀

All Sabbath services for the month of June will be held at 1:30pm in Kettering Hall at the Hinsdale Community House (HCH)

It will be here soon...the summer church picnic! The date is July 12th, 9:00am to 6:00pm in Naperville. More info next month.

With it being a slow month for local activities, I thought I would add some pertinent information about this month of June. What begins to happen on June 21st at 1:45am EDT? The Summer Solstice. The solstice is an astronomical event that occurs twice a year, when the tilt of the earth's axis is most included toward or away from the sun, causing the sun's apparent position in the sky to reach its northernmost or southernmost extreme. The name is derived from Latin *sol* (sun) and *sistere* (to stand still), because at the solstices, the sun stands still in declination: that is, the apparent movement of the sun's path north or south comes to a stop before reversing direction.

For half the year (from around March 20 to September 22) the northern hemisphere is inclined toward the sun, with the maximum around June 21, while for the other half year the southern hemisphere has this distinction, with the maximum around December 21. The two moments when the inclination of earth's rotational axis has maximum effects are the solstices.

http://en.wikipedia.org/wiki/Summer_solstice

Sun facts

- The center is made of helium
- All substances made by the sun are invisible.
- The core of the sun is approximately 15 million degrees Celsius. The hottest place in the world is Dallol in Ethiopia with an average annual temperature of 94 degrees Fahrenheit (34.4 degrees Celsius)!
- 4 millions tons of hydrogen gas are turned into energy every 4 seconds.

Did you know --- each king in a deck of playing cards represents a king from history? Spades – King David, Hearts – Charlemagne, Clubs – Alexander the Great, and Diamonds – Julius Caesar. What king does not have a mustache? The King of Hearts.

► Focused Education Seminar ◀

The UCG, Milwaukee, WI, invites you to join them in welcoming members of the Focused Education Task Force to Milwaukee on June 13th and 14th, 2009.

The event includes Sabbath services, and seminars on abuse, sexual addictions and alcoholism, presented by speakers John Cafourek, Melvin Rhodes and Merna Leisure-Eppick. Come to learn more about the Focused Ed. Program and take valuable information home with you. Designed for your own information and to equip you to help others, now and in the future (1 Cor. 10:13). The Seminar is open to all members.

Some lodging with brethren is available, or you can stay in a nearby motel. Please let us know which you prefer. We will provide pot luck food service.

If you plan to attend please let us know by the DEADLINE DATE, June 11. We need a total count of everyone, including those coming with you. Due to the serious nature of the subjects being discussed, we ask that children younger than 16 not attend the seminars. We look forward to sharing this special opportunity with you.

Contact Tony Kuczynski, (262) 363-4260, tonykuc@ownmail.net.

► Volunteer Group: Greeters/Ushers/Sound/Food ◀

Team Lead: Mr. Bob Kalnas
Greeter: Mr. Jim Gillespie, Ms. Sarai Navar
Ushers: Mr. Raul Navar, Mr. John Bratincevic, Mr. Tom Jackson
Sound: Mr. Bob Kalnas
Food Table: Mrs. Lisa Kalnas, Ms. Laura De La Torre, Mrs. Claudia Kuhne
Webcast: Mr. Jeff Stenhouse
